ABOUT US

Rapid for Supply Chain and Shipping Consultancy and Services, was established in 1983 under Kogali brothers' group – Currently runs as Rapid for Supply Chain and Shipping Consultancy and Services, it has five branches:

United States, United Kingdom, United Arab Emirates, Saudi Arabia, and Sudan (Khartoum and Port Sudan).

We have a network all-over the globe with more than 100 third-party Logistics companies and freight forwarder partners, thus we are available 24/7 for inquiries, RFQs.

OUR SERVICES

End-to-End Supply Chain Services

End to end (E2E) supply chain involves an entire integrated process. From product design and procurement of raw materials then scheduling, production and then final delivery of finished product to the customer. It is further extended to after-sales service and reverse logistics depending on the nature of the business.

Sourcing/Procurement

Rapid provides clients with innovative Sourcing and Procurement Services. Through these supply chain services, we help companies to achieve both monetary savings and improved supplier relationships. We offer a variety of value-added services, including Category Management, Contingency Based Cost Reduction, Contracting, Negotiations, Strategic Sourcing Services, and more.

Shipping & Freight Forwarding

- Air, Ocean and Land Freight Forwarding
- All export, import, cross stuffing and cross trade shipments.
- International and local land transport logistics solutions.
- FCL & LCL consignment around the world.
- Container transportation, Land transportation, LTL & FTL.

Transport

Our transportation services offer unmatched land transport solutions with a range of vehicles that have the capacity you need to move your cargo

Relocation

Rapid guarantees a hassle-free domestic relocation service across Saudi Arabia & Sudan and the rest of the countries because we pride ourselves on taking customer service to the next level. We take care of dismantling and removal of fitting/furniture and packing of all your belongings while making sure they are safe and insured before transport. We work with only licensed and experienced moving crew to help you carefully relocate your household or business to your desired location.

Personal Effects Shipping

Whether you're moving overseas or just shipping a few household items, you want peace of mind that your international shipping company will treat your valuable personal belongings with the utmost care.

With door-to-door and port-to-port service, our experienced staff will provide comprehensive estimates for all your personal effects .

Stevedoring services

Loading and unloading ships is specialized work. With a century worth of experience, we can say we are that specialist. Our personnel is expert and passionate; our equipment is state of the art. We focus on delivering quality, so that we are able to load and unload your products with great care and speed. We can even make up for time lost in preceding links of the chain. 'Delay recovery' means we try to close up the logistical chain so goods are delivered on time. We handle a broad range of cargo, from break bulk to high and heavy and from project cargo to containers

Export and Import

- Transport
- Customs Clearance
- Documentation
- Shipment Booking And Shipping Management For Bulk/ Containerized
- All Kind Of Cargoes In All Incoterms

Chartering service (Aircraft and vessel chartering)

When your deadline or unique project cargo demands a dedicated vessel or aircraft, Rapid can coordinate global access to charter capacity. We help you translate complex project requirements into transportable solutions, making sure your operational and financial targets are met.

Supply Chain Solutions

Do you have logistics needs that span the globe and often require more than just transportation of cargo by land, sea, and air?

Do you need real-time data and proactive project management to improve supply chain management processes, both improving throughput and reducing overhead costs?

Do you have shipping and supply chain management operations that require everything from the initial planning to warehousing and distribution?

Rapid is a 3PL (third-party logistics) and freight services company that can partner with you on every element of shipping cargo across the world: from nation to nation, from islands to mainlands, from state to state, and from person to person.

Current logistics service offerings include:

Warehousing & Distribution

Including state-of-the-art security and comprehensive inventory control systems that provide insight into your stock.

Transloading

Most operations require multiple modes of transporting cargo, so we provide simple services for them all, moving cargo between road, rail, air, or sea.

Final Mile

Getting your goods picked up or delivered at the first or final mile can be a challenge. Rapid makes it easy with teams of shipping and logistics experts that manage every step.

OUR SCOPE

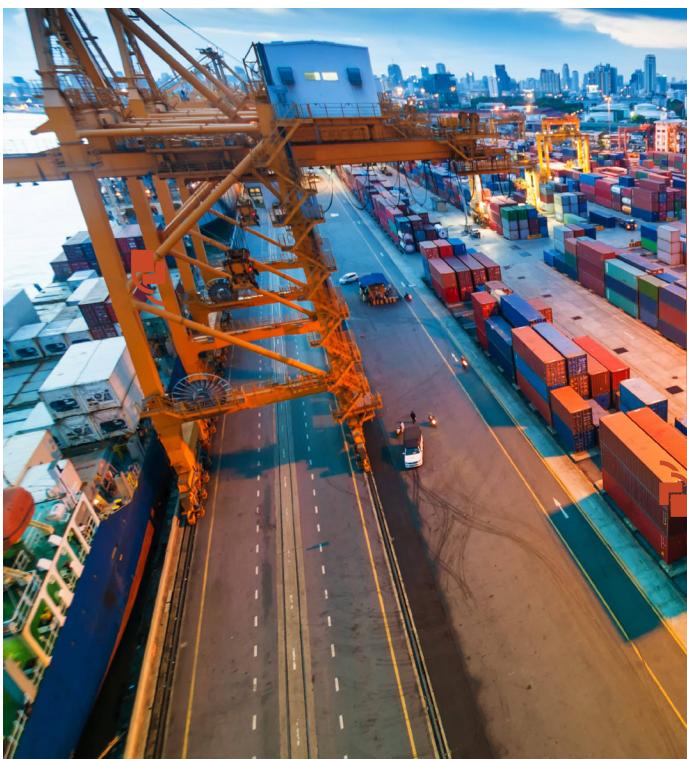

Expanding to focus in providing integrated end-to-end project logistics and Operational logistical support services employing Sea/ Air and Land Transport to/ from Sudan.

WHY US?

Are you looking for a ONE-STOP-SHOP company that can provide sourcing, freights forwarding and 3PL (third-party logistics) services?

Do your freight needs to go beyond the African continent and into Asia, Middle East, Far East, Europe and the United States and international markets?

Are you tired of a “one size fits all” approach for freight, and ready for a supply chain partner that will deliver a custom solution for your business?

Rapid for Supply Chain and Shipping Consultancy and Services has you covered, from coast to coast, and from one side of the world to the other.

50 + Qualified Staff/ Team members across Sudan (Khartoum/ Port Sudan) and our international offices.

We provide operational and administrative excellence in solutions for project forwarding and logistics management to/ from Sudan.

Our ‘The impossible is possible’ approach has driven us to gain expertise in even the most challenging areas, enabling us to accomplish projects with project critical path at the forefront of our planning & operations.

We understand the importance of deadlines, overcoming physical and technical constraints and respecting project schedules to minimize the impact on material and cash flow.

Vision

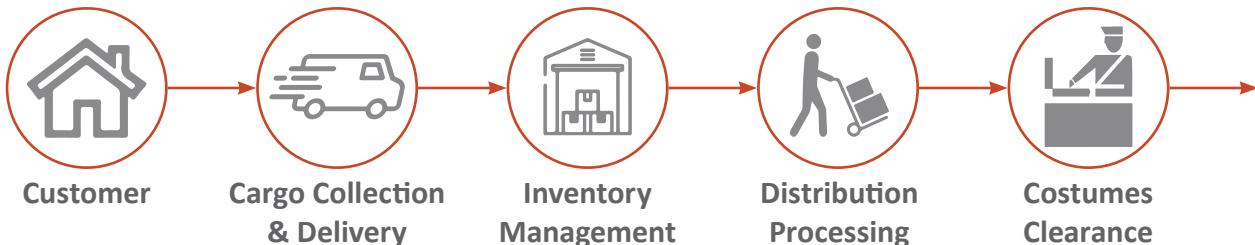

To become number one name in Sudan and MENA region by providing the most comprehensive, reliable, and cost-effective Supply Chain management solutions to our customers while maintaining the highest level of customer satisfaction.

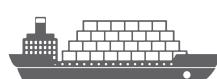

Mission

Our mission is to provide superior, innovative, and top-quality logistics services that improve business solution for our customers. Our goal is to add value for clients, business partners and principals through restless pursuit of excellence and unwavering focus on fulfilling customer needs.
